Bringing together a range of international experts including political scientists, philosophers, lawyers, and policy-makers, the book provides students with a broad range of perspectives on the theoretical and practical issues in this constantly evolving field. In addition to in-depth theoretical content, the book also features unrivalled coverage of human rights issues in practice, with a wide range of case studies to explore concrete examples from around the world. The third edition has been brought fully up-to-date with the most recent events and latest research developments in the area. The book is accompanied by an Online Resource Centre to enhance students' learning and provide valuable support for lecturers. For students: - Revise key terms with a flashcard glossary - Take your learning further with links to key human rights documents - Use carefully selected web links as a first step towards independent research For registered lecturers: - Enhance your seminars with a specially developed active learning exercise - Use adaptable PowerPoint slides as the basis for lecture presentations, or as handouts in-class - Save time preparing assessments with a fully updated test bank of questions.
