In this economic environment, you must pursue your dreams. Hesitate, and you get left behind. The reality in which you live requires you to build your dreams. And having the strength and structure to be authentic are key to building. See how quickly a year just passed. Realize you have a few more, perhaps several decades, left to experience. Each passes just as quickly. This is the dimension of time. You know more or less what your preferences are. Yes, you can wait till later, to find something better. Yes, you can delay doing what you like, while spending that time waiting. Yes, you can choose your experience. And if you wait today, waiting is your lived experience, defining what you learn and the memories of today. Or: You can accept that these are your likes now, and that they have been so for a while. You can accept this as your reality today. You can accept that your current likes are the tools you have at hand to work with now. You can choose to understand that for this period of time - this year, now, and today - your current likes are the only things and tools you can take forward with conviction if you are to live this period of time with conviction in any direction at all. I wrote this material for my children. I want my family to develop in an environment that carries my print mark, my signature, my way of doing things. and theirs. To do things their own way. I work to equip them with tools for it. As a future parent...
