

The Flying Dictionary: A Fascinating and Unparalleled Primer (Air Crashes and Miracle Landings)

Filesize: 4 MB

Reviews

This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Juliet Mertz)

THE FLYING DICTIONARY: A FASCINATING AND UNPARALLELED PRIMER (AIR CRASHES AND MIRACLE LANDINGS)

Openhatch Books, United Kingdom, 2010. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.Captivating reading for anyone fascinated by aviation, and an unparalleled primer for those thinking of learning to fly or concerned with aviation and safety. Not only does it cover today s world, but also adds an important historical perspective. Explains basic procedures such as takeoff and landing, noting the V-speeds required for safety at the various stages. Hidden among the more technical entries are many with fascinating if not invaluable information for passengers. Also, for the benefit of younger readers and the curious, some non-aviation entries are included. The technical entries are easy to read as they were initially composed as the glossary and appendix to Air Crashes and Miracle Landings, where the aim was to explain the aviation terms simply but properly.
