

## The Religious Conception of the World: An Essay in Constructive Philosophy

Filesize: 4 MB

### ***Reviews***

*This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.*

*(Juliet Mertz)*

## THE RELIGIOUS CONCEPTION OF THE WORLD: AN ESSAY IN CONSTRUCTIVE PHILOSOPHY

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This is a most excellent book. It is well and simply written, it abounds in common-sense, and on its every page it reveals the genuine philosopher, none the less genuine because thoroughly imbued with religious sympathies. The aim of the volume is outlined by the author in his first pages. I propose in the following pages to defend a view of the world which is frankly religious and theistic, in opposition to certain modern types of philosophical thought which are now widely prevalent. The results which I shall advocate do not therefore depart very far from the presuppositions which underlie the ordinary Christian consciousness, when these are interpreted not in a dogmatic, but in a broadly philosophical way. Professor Rogers has no sympathy with the attitude of the disinterested spectator in matters philosophical. It is not necessary to cease to be a man to become a philosopher. Indeed, no man can philosophize rightly who has no personal concern in the common hopes and fears and ideals and beliefs of men, and the profession of this is either an affectation or a limitation. As is only natural and fitting the first chapter is reserved for a discussion of the Foundations of Knowledge, since the author is rightly desirous of a secure and intelligible basis for faith in religious ideals; and ere long he is in close quarters with a philosophy all too prevalent in the present day. Professor Rogers has no dealings with Pragmatism; he holds that there are a good many things beyond our experience which we can only know mediately, and that between them and our knowledge of them there is a gulf fixed which can never...
