

## MyStatLab for Statistical Reasoning - Student Access Kit

By Dana Center

Pearson Education (US), United States, 2015. Online resource. Book Condition: New. Student. 218 x 145 mm. Language: English . Brand New Book. The course is designed for providing statistics students with a deeper understanding of statistical concepts through hands-on and discovery-based learning. MyStatLab for Statistical Reasoning is part of the series of MyMathLab/MyStatLab courses built to support the New Mathways Project developed by the Charles A. Dana Center. The New Mathways Project embodies the Dana Center's vision for a systemic approach to improving student success and completion through implementation of processes, strategies, and structures built around three mathematics pathways and a supporting student success course. MyStatLab for Statistical Reasoning is the college-level course in the Statistics pathway for non-STEM students, designed with an active-learning approach that connects statistical concepts to hands-on and discovery-based activities for students. The MyStatLab course designed for use with Statistical Reasoning provides: \* Interactive content to help prepare students for active classroom time\* In-Class Interactive Lessons to support students through an active classroom experience, accompanied by notebook PDFs.\* Homework assignments designed to assess conceptual understanding of important skills and concepts.\* Additional resources for instructors to help facilitate an interactive and engaging classroom Built in MyStatLab Content...
