Reviews

This ebook will never be effortless to get started on studying but extremely fun to read through. It is actually written in easy phrases and never difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

Excerpt: .of organized and systematic belief is confounded with religion. But it is not religion; it is not the cause of religion: it is often only in juxtaposition. Theology is confounded with Christianity; and because certain elements of theology have been exploded, men say, Where is your Christianity? Much of it has gone already, and the rest will follow. The greatest part of current theological lore was neither taught or even alluded to by Jesus, the Christ; and yet men are eager to say that when theology is disrupted to be recomposed, Christianity is also disrupted and to be reconstructed. The two things are wide apart. The regnant systems of theology are inferential, artificial; philosophically, they are either imperfect or false. It is this system which foresees the danger to itself from Evolution, and that cries out against the new light. Now let us inquire whether the theory of Evolution, the method of God in the creation of the world, is likely to affect favorably or unfavorably the fundamental elements of Christianity, as it was taught by Christ himself. Consider, first, the universality of the Divine presence as the force acting upon mankind and upon nature. The doctrine of the presence of God everywhere, in all, as the one great force that is working in nature and in human life, is nowhere so significantly taught as by Jesus, and recorded by John. He is not a God that has invented the world and stands like...
